Activities

Education and Events: Rangers hold regularly scheduled educational and interpretive programs about Lumber River State Park. To arrange a special exploration for your group or class, contact the park office.

Camping: Primitive camping: Twenty-three individual campsites (nine at Princess Ann and 14 at Chalk Banks) are available for family camping with a maximum of six people per site. One site at each area is handicapped accessible. Each site has a table, fire pit with a grill, lantern holder and trash can. All fires must be contained in the pit. Permits for camping are required.

Group Campsites: Group campsites are available by reservation for verifiable, affiliated groups only. If not reserved, they can be used on a first-come, first-served basis. There is one group site at each of the access areas. An overflow area is located at Princess Ann and it will hold up to 200 people. Each site contains picnic tables, a grill, lantern holders, trash cans and a fire pit with a grill. All fires must be contained in the pit. Checkout time is noon.

Picnicking: Enjoy the relaxing atmosphere of the Lumber River in a picnic area. For large gatherings, a picnic shelter can hold approximately 100 people and is available for reservations. All other sites are available on a first-come basis. Several picnic sites are accessible for persons with disabilities.

Hiking: Princess Ann Access features 1.5 miles of trails. Begin near the picnic shelter and enjoy a peaceful walk along the highest bluff of the Lumber River. The trail features a 100-foot boardwalk across a wet area. A fishing pier and turn-of-the-century millpond are adjacent to the trail.

Chalk Banks Access offers a 3 mile loop trail that meanders along the river's edge, by a wetlands habitat and through a mixed pine and hardwoods forest.

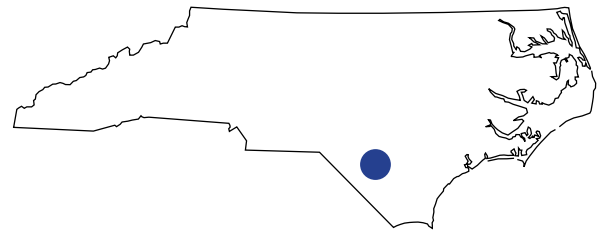

Fishing: Fish from a boat or along the riverbank. The Lumber River has a variety of fish waiting to challenge any angler. Black crappie, red breast sunfish, largemouth bass and catfish are abundant in the river. Anglers must have a North Carolina fishing license. Regulations of the N.C. Wildlife Resources Commission are enforced.

Paddling: A ramp at the park offers a unique opportunity to enjoy a leisurely small boat, canoe or kayak trip on one of the country's few wild and scenic rivers — the only black water river with this designation in North Carolina. Contact the park office for river conditions and suggested canoe trips. Below is a listing of distances along the Lumber River.

Location

Lumber River State Park is located in Robeson County, 12 miles east of Fairmont off N.C. 130.
